

## **Facilities provided in school**

School has well equipped range of facilities and resources for all students from Nursery to Class 8 for their all around development in a child friendly atmosphere. It is our vision that each students enjoys their years of education and reach their full potential.

**School Building :** School provides good infrastructure and excellent facilities to students. School building consists of three floors. All the classrooms are spacious and well ventilated and equipped with comfortable sitting arrangement.

**Air Conditioned multipurpose Hall :** School has an air Conditioned multipurpose Tagore Hall which is used for conferences, assemblies, functions, Zonal competition and celebration of important events as well as indoor sports such as table tennis and badminton. The hall is also used for conducting inter house and class activities so that students get exposure to stage & develop confidence.

**ICT and Multimedia center :** Children are exposed to ICT (Information and communication Technology) from an early age. Powerpoint presentation and overhead projectors are used as teaching aids. These ICT facilities enable to create a sense of interest in students as they see and learn, that make learning more interactive. Smart classes have already been introduced and students are learning through new methodologies.

**School Library :** School has very opulent and rich library with a large variety of books to inculcate habit of reading among students. Newspaper, Magazines and Journals are also subscribed and made available.

**Laboratries :** The School has science and computer labs with all essential equipments. Kids can learn by doing which enables experimental learning.

**Sports facilities :** Along with academics physical fitness is given importance. The students play Badminton, Basket Ball, Volley Ball, Table tennis. The students are also given Yoga classes to keep fit and healthy.

**Art Room :** A spacious art room provides students with all the raw materials required to explore and express their innate talent. The room has rich collection of art works of students.

**Music Room :** A well equipped music room provides a variety of instruments including guitars, keyboards, violin, drumsets, harmoniums, tablas for students inclined towards both western and Indian music. High powered School orchestra brings out the understanding musical notes to the forefront.

**Medical Room :** The school has well equipped medical room. Students undergo regular medical check up and a health record is maintained for each child. In case of emergency students are rushed to nearby Hospital.

**Environment Club :** School has an eco club which involves students to make them aware about their environment and hazards of global warming.

**Hygenic drinking water and washrooms :** Washrooms and water coolers facilities are provided on each floor.

**Our School also facilitates Trust :** Entire School infrastructure is under 24\*7 CCTV Surveillance. Man power comprising highly qualified trusted and result oriented teachers, admin staff, housekeeping and security staff.
